Gun Cleaner R8000

GUN CLEANER FOR SOLVENT BASED PAINTS

The R8000 is a fully automatic and fully enclosed spray gun cleaner. It is equipped with two powerful diaphragm pumps, which provide a very high volume low pressure wash, which not only cleans guns more efficiently, but also reduces fume emission to a minimum. The pumps, which are guaranteed for the life of the unit, are manufactured from high tech. polymers using Teflon membranes. Made from stainless steel with brass interior components, the R8000 is ideally suited for both conventional and water based paints.

FEATURES:

- Fully enclosed
- Fully automatic
- Clean rinse
- Spray-out facility
- Fume extraction
- Water or solvent
- Manual wash facility
- Lifetime pump warranty
- 1 or 2 Gun Versions

NATO STOCK NUMBER:
4930-01-105-9923
