

Retracta DR100 Garden Reel

DOMESTIC WATER DELIVERY (NOT FOOD GRADE)

Latch the hose at any length required, then gently let the hose rewind itself - wet or dry - with no kinks or mess. The Retracta swivels in the direction you are working in and folds flat against the wall when not in use. Padlock it and leave it out in all weathers - or simply remove the bracket and pin and store it safely in the shed.

FEATURES:

- Tough corrosion free polypropylene construction
- Lightweight - just 10kg (22lbs)
- Easy to install
- Supplied with 60' (18m) of industrial quality garden hose
- Lockable mounting bracket
- Positive spring latching mechanism
- Fully automatic hose rewind for neat and tidy storage
- Completely serviceable - all parts readily available
- Fully warranted for five years (excluding hose) against faulty parts and workmanship

Model	Hose Length	Hose Size (I.D.)	Hose Type	Working Pressure	Inlet Size	Hose Outlet	Reel Colour
DR100	60' (18m)	½" (12.5mm)	PVC	100psi (7 bar)	¾" Male	Blank/Nozzle	Green
