

## Power Cord Reels

### INDUSTRIAL GRADE CABLE/CORD REELS

Coxreels' PC Series spring driven "Power Cord" reels are heavy duty, industrial grade power sources. They replace tangled extension cords and self-retract to increase safety, productivity and efficiency. Modelled after the P and SH Series, the PC Series are designed for long-lasting, trouble-free performance even under the most demanding conditions.

#### FEATURES:

- Heavy gauge powder coated steel components cover
- "Super Hub" dual axle support on models with size index 3 & 4
- Auto rewind easily wraps, stores and protects electrical cord
- Heavy gauge steel base and support post
- Factory-matched cartridge-style spring motor
- 1" solid steel axle with 1" lubricated precision bearings
- Guide arm adjusts to wall, floor and overhead positions
- Multi-position lock ratchet secures cord at desired length
- Non-corrosive stainless steel spring, pawl and zinc plated ratchet
- Supplied as bare reel - Cable extra
