

Pure Flo Challenger Hand Cranked Hose Reels

FOR BREATHING AIR AND FOOD QUALITY HOSE APPLICATIONS

Redashe Pure Flo hose reels safely and efficiently manage, protect and store costly breathing air or food quality hose. Guard against the dangers associated with tangled hose that can lead to trips and kinks that have potential for disaster. Pure Flo hose reels are the perfect solution to the challenge of managing hoses. Offered in spring rewind, hand crank, and motorized retraction, all Pure Flo hose reels come standard equipped with stainless steel air paths and stainless steel swivels with food quality grease, ensuring clean, non-contaminated transfer of products.

BENEFITS:

- Store hose safely and efficiently.
- Increased operator safety by eliminating tangles, kinks, trips, and falls that result from non-use.
- Preserve and extend the life of your costly hose and equipment.

FEATURES:

- For low pressure and high pressure breathing air.
- Available in hand crank, motorised or spring rewind retraction
- Coxreels' quality solid steel construction.
- Durable electrostatic powder coat finish.
- Stainless steel reels available.

High performance in a very compact and lightweight hand crank hose reel. Perfect for both the mobile application, where size and weight are important factors, and permanent mounting on the wall, floor or workbench.

FEATURES:

- Stainless steel flow path
- Direct hand crank rewind
- Lightweight/compact
- Full flow 90° stainless steel swivel with food quality grease
- Reels handle product temperatures from -20°F to +225°F
- Adjustable drag brake to eliminate hose backlash while unreeling hose and to secure the drum from turning when not in use.
- Supplied as bare reel - Hose extra
