

CHR181 Stainless steel Hand Crank Reel

The HR181 series is a high-performance hand cranked hose reel constructed in 304 stainless steel for use in most medium/high pressure applications. This reel is ideally suited to carry up to 46m of 1/2" and 0m of 3/8" hose, with floor, wall, and vehicle mount options.

FEATURES:

- Designed for industrial applications where longer lengths of hose are required
- Constructed in 304 stainless steel, with QPQ coating on swivel shaft
- Wider drum opening (5"/125mm) making for easier hose installation
- New handle & swivel design for less labour-intensive use (70% more efficient)
- Spring loaded lock pin prevents hose from de-reeling
- Supplied as bare reel, hose available at extra cost (Application required)
