

ZGGHM01 Magnetic Grease Gun Holder

Heavy-duty Magnetic Grease Gun Holder, designed for workshops, garages, and maintenance areas. It features dual-sided magnets and powerful N52 Neodymium magnets for a secure grip on metallic surfaces. For areas without metallic surfaces the grease gun holder can be easily secured through pre drilled locator holes and supplied fixing kit. Perfect for grease guns with barrel diameters up to 2-1/4" (57.15 mm), it ensures firm and secure storage. Ideal for use inside trucks and vans, our holder offers efficient organization and easy access to your equipment. Say goodbye to misplaced grease guns and optimize your workspace.
