

Sagola 429N Gravity Spray Gun

The Sagola Hopper Gun is extremely versatile; it will spray masonry and high build paints, and texture finishes. The 429N is also used for non-slip coatings commonly used in a marine environment, or on steel work. The gun will apply decorative flakes, render, waterproofing and tanking coatings. Supplied with three nozzles 4.5 mm, 6mm and 8mm. Ceiling elbow available.

FEATURES:
