

ZVGP15 Bucket Grease Pump

Volume grease pump designed for quick and effortless greasing in applications requiring large volumes of lubrication everyday. For use with agricultural equipment, excavators and other earth moving equipment and in automotive applications.

Variable handle setting can be set for high volume or high pressure grease discharge. Pump delivers up to 9gms of grease on high volume setting. Fully CNC machined to close tolerances the pump develops up to 4,000 PSI (275 BAR) on high pressure setting.

FEATURES:

- Supplied complete with 15kg grease container
- Recommended for use with NLGI 1, 2 and 3 greases
- Max grease level marked on the grease bucket
- 2m x 1/4" high pressure hose
- Air release valve for easily removing trapped air from grease
- Swivel connector allows easy manoeuvrability without the hose kinking
